

Offline Tasks

WALT: Use varied and appropriate vocabulary, including subject specific words and phrases. (English)

TASK: Our NHS (National Health Service) has done an amazing job at looking after us during this Covid-19 pandemic. We should show our appreciation! Write a thank you letter to your local hospital.

Success Criteria:

- Recall your letter layout skills
- Use wow words

WAGOLL:

Dear **ALL** our Healthcare Heroes,

I write today to say THANK YOU to all of you; from doctors to nurses, admin staff to porters, clinicians, carers, researchers and anyone working to keep our nation healthy – you are our heroes.

The work you do all day, every day must be appreciated by us all. You are, as always, keeping our loved ones, friends and family safe and well. We should all be full to the brim with gratitude; your family and friends must be so proud.

One thing that particularly inspires me about all Healthcare Heroes is your team spirit. As one of the biggest teams in our fantastic country, the need for teamwork to ensure lives are saved mustn't be underestimated. Your team spirit is inspiring and makes me proud as a peacock to live in Great Britain.

At school, we are reminded that hard work and enthusiasm are two things that will help us to be successful. You model this day in, day out. Already, through your fervor for tackling tough situations, you have saved lives and can save many more.

Whilst I might be watching a gargantuan amount of TV in the coming weeks, I know that the heroes I see on my screen are not real compared to all of you. I shall always remember that 'not all heroes wear capes'.

Thank you all so very much. I will certainly be wishing you all the very best.

Your faithfully,

Jen Public

WALT: Experience a variety of audio-visual stimuli (Cymraeg)

TASK: There are so many great Welsh language resources all around us – even on TV! This week, watch some Welsh cartoons and children's shows on the Welsh channel, S4C.

Some suggestions:

Rapsgaliwn
Octonauts
Do Re Mi Dona

There are lots more here...

WALT: Use mental strategies to recall multiplication tables.

TASK: If we do not practise lots, our times tables can sometimes get forgotten. Create and complete a multiplication grid to help you remember. It must go up to 12 x 12, so you'll need 13 rows and 13 columns, the WAGOLL will start you off.

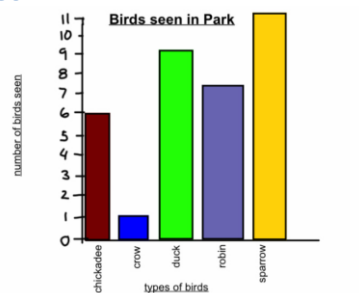

WAGOLL:

X	1	2	3	4	
1	1	2	3	4	
2	2	4	6	8	
3	3	6	9	12	

WALT: Represent data using bar charts.

TASK: Look at the data you collected when you completed the bird survey of your local area.

WAGOLL:

Success Criteria:

Use mathematical terms;

- axis
- x axis
- y axis
- bar

WALT: Value families as a source of mutual support.

TASK: It is very easy to take our loved ones for granted – we can sometimes even get mad with each other when we spend so much time together. Pick things from the following list to do with your family over the next two weeks. You can do any little or as many as you want – just as long as you have fun!

Act out a story from a book, like <i>Fun in the dungeon</i>	
Blindfold (hoodies on back to front) pillow fights	
Candle decorating	
Cat's cradle	
Catch the fairy (use a torch and shine it in a dark room)	
Clapping games	
Cork fights like food fights but less messy	
Drawing pictures and colouring in	
Dressing up	
Egg and spoon race (no eggs needed – a ping pong style ball works)	
Eye spy	
Fashion show	
Hide and seek	
Hopscotch – made with tape	
Hula hooping	
Junk modelling with smaller household items	
Kitchen disco	
Making cars, castles or spaceships with cardboard boxes	

WALT: Through fieldwork, identify animals found in local environments.

TASK: You may not notice it all the time, but there are plenty of birds in our local area, especially during lock down, but can you identify them? Use the table to conduct a survey of the birds around your area in one day. Record the data in a tally chart.

Plenary:

Have you noticed any patterns or trends in the data, e.g. do you see one bird more than the others? Why do you think this is?

What birds have we seen?	
	Blackbird
	Robin
	Magpie
	Blue tit
	Chaffinch
	Common gull
	Pigeon
	House sparrow
